PART 3: ACCOMPLISHMENTS AND/OR ACHIEVEMENTS

<u>Instructions</u>: For this category, sensitivity of the position to developments in the industry, and the ability to positively act on it, is key. Specifically, the world has seen dynamic changes in travel, recreation and celebration trends in the past three (3) years that pose to have long-term impact on a Member-Property's existence. BEYOND THE BOTTOMLINE, a Manager could have significantly helped recognize, respond to, and embrace these changes to ensure the Member-Property's long-term business survival.

This Virtus Awards Cycle 2023 *intends to recognize compelling efforts made from the period 01 July 2022 to 30 June 2023* by a Manager who has contributed to converting changes into opportunities that can respond to shifting preferences and needs of old, new and future guests of the Member-Property.

3.A. ACTUAL ACCOMPLISHMENTS AND/OR ACHIEVEMENTS

BEYOND THE BOTTOMLINE calls for adaptability to change, for responsiveness to shifting preferences and needs, and for flexibility to future scenarios. One major factor is technological development that have shifted client preferences and needs in many aspects. For one, there is an increase in customer independence, which may pose as a challenge to marketing interventions. As an example, mobile booking, cashless transaction and longer stays due to "work from anywhere" arrangements have increased. Richer digital information has also unlocked myriad options and influenced changes in life priorities as well as the need for personalized and customized experiences for travel, recreation and celebration.

What changes affecting our industry were observed, if any, and which ones posed to have serious effects on the Member-Property? What strategies were considered and pursued? Characterize the effort as either: diversification, differentiation, upscaling, rebranding, revival, new business stream etc. What other programs can it branch-out into - whether actual, in the pipeline or envisioned? What was the specific role of the NOMINEE in this endeavor?

Cite actual situation/s (occasion/date/place/client etc.) encountered/pursued/initiated by the NOMINEE that demonstrated exemplary performance of his/her job as well as results in terms of sales/contracts supported, systems improved, client-groups satisfied, property facilities/amenities enhanced or any other value-adding outcomes. Personal recognitions, citations, awards and the like, received during the covered period, may be included.

Quantify in terms of PhP, pax, time, area etc. More than one (1) situation may be cited.
